## EXPLANATION.

Freight Stations are designated "F." Local Ticket Stations "C." Stations with a full stock of Coupon and Local Tickets "A." Stations with a limited stock of Coupon and full stock of Local Tickets "B." These letters are combined as may be necessary. For example, "F. A." means Freight and full stock of Coupon and Local Tickets. Prepaid Stations "+" Telegraph Offices for railroad business only "L." Telegraph Offices for commercial business only "g."

Freight must not be way-billed except to stations designated herein as "F" (Freight Station) or "+" (Prepaid Station).

"\*\*" Following a numeral, signifies joint agency with connecting line.

In connection with each station is shown its car and baggage No., telegraph call, whether day and night telegraph office or day only ("N" denoting day and night office, "D" day only), class of station, distance from terminal point of the line upon which it is located, and name of agent.

The distances given in the list of stations are the time-card mileage and are measured to and from depots, not to and from initial or junction points of track.

## BRANCHES AND CONNECTING LINES.

Opposite junction stations, numerals are given which, by reference to the following table, will designate the names of lines radiating from such stations. The letter (x) shown after a numeral which is used to designate a junction, indicates that with the line so designated connection is made over the track of another company; the sign (+) indicates that the line has no track connections, direct or indirect, with this Company's line at that point.

NOTE 1—Norfolk station belongs to the Norfolk Branch.

NOTE 2—The Sioux City Branch is operated (under trackage contracts with the Chicago, St. Paul, Minneapolis &amp; Omaha Ry. Co. and the Sioux City Bridge Co.) only for freight business and the station numbers are to be used only in connection with freight and car service—not for the checking of baggage.

NOTE 3—For accounting purposes the Iowa-Nebraska state line is assumed to be and remain at the middle of the bridge 2.11 miles from Sioux City.
